

MIDAS REX™ MR8™
HIGH SPEED
DRILL SYSTEM

ClearView™

Advancing
surgical possibilities

Medtronic

The Midas Rex™ MR8™ high-speed drill system has a lower operating temperature, less chatter, improved visibility of the surgical site and even better cutting performance.¹

Navigable with StealthStation™ S8, it seamlessly integrates with other technologies in our portfolio.

With our comprehensive support, education, training and service, you have a partner that's there for you from start to finish.

Midas Rex™ MR8™.
It's not just a drill.
It's advancing surgical possibilities.

CLEARVIEW™

Low-profile integrated irrigation that minimizes obstructions while delivering irrigation directly near the cutting site

Variety of shapes, lengths, and cutting geometries for various applications

Direct connect base for one-step assembly

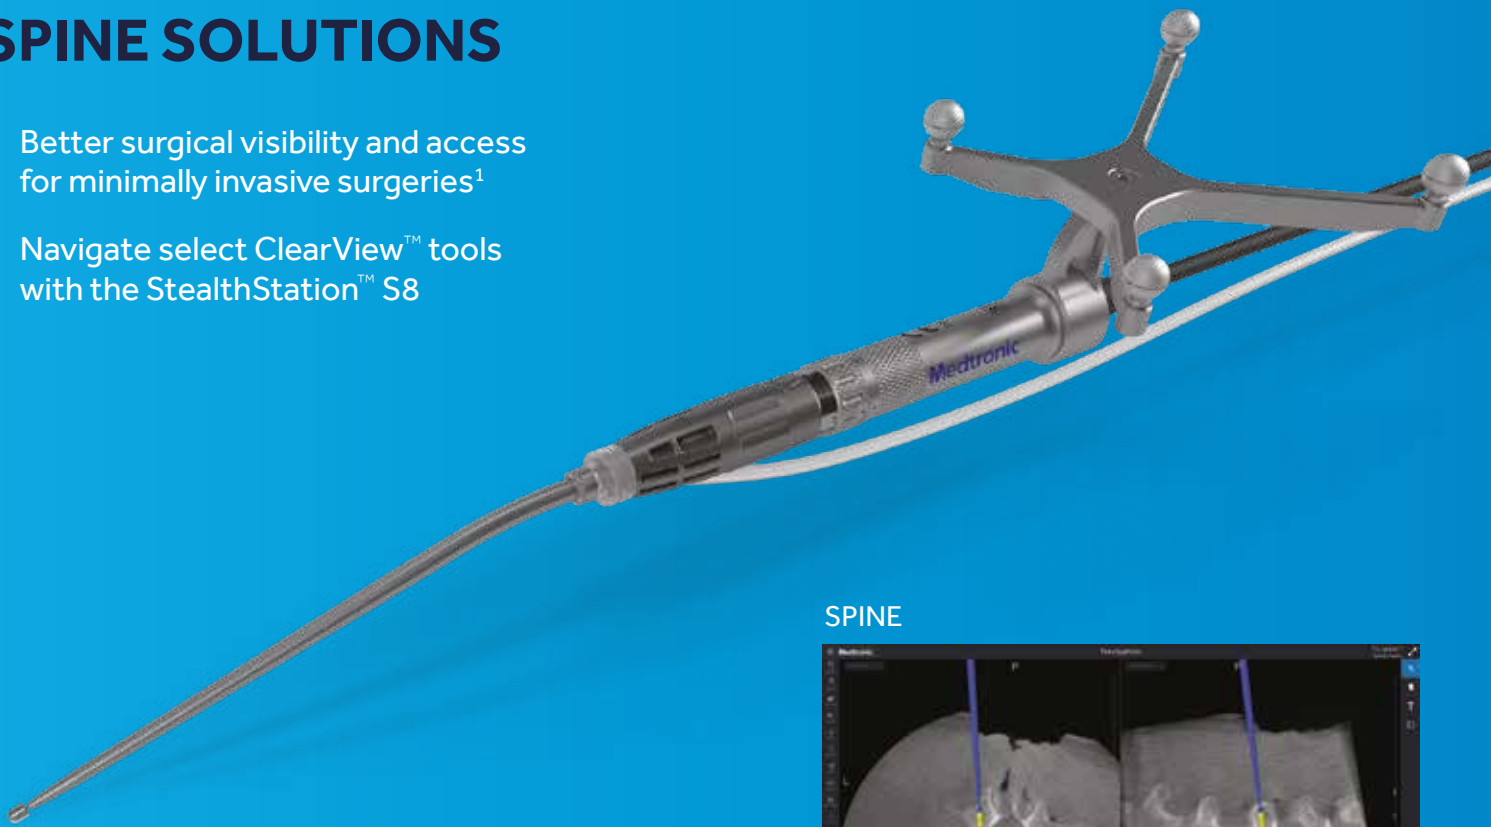

Extended, self-irrigating sleeve protects surrounding tissue from minimally exposed rotating shaft

Visibility and protected shaft

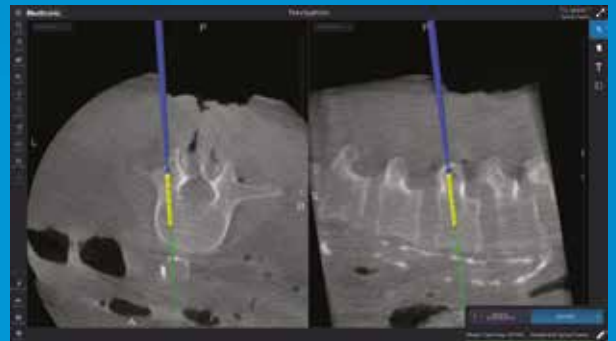

SPINE SOLUTIONS

- Better surgical visibility and access for minimally invasive surgeries¹
- Navigate select ClearView™ tools with the StealthStation™ S8

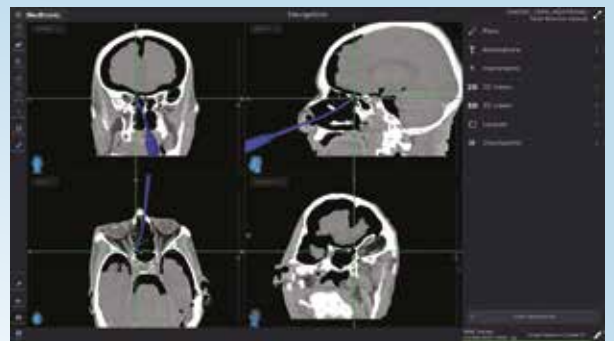

SPINE

CRANIAL SOLUTIONS

- Lateral Skull Base tools now available~ 5 cm and 7 cm
- Better surgical visibility and access for skull base and endoscopic surgery¹
- Navigate select transnasal and lateral skull base tools in cranial applications with the StealthStation™ S8
