FOCUSON™

- Monitoring and Triaging Service
- Turns data into timely, actionable insights.
- Frees hospital Clinical Teams to focus on what matters.

FOCUSON™ frees up time

Less time spent on non-actionable data means more time for treating patients.

FOCUSON™ enables better outcomes

Clinically-relevant cases are triaged and communicated promptly to hospital Clinical Teams.

FOCUSON™ expands access

The right communication for the right action at the right time frees up resources, so more patients can be seen and treated.

HIGHLIGHT DATA THAT REQUIRES CLINICAL ACTION

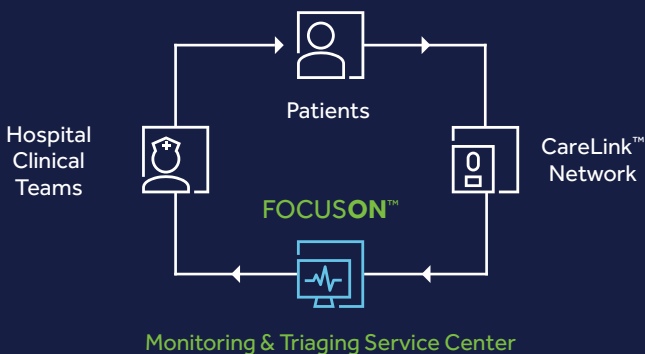

FocusOn™ the
20%
that matters*

Multilingual team of ECG technicians and cardiologists have **2 million** ECGs of experience.

*Transmissions requiring clinical action or escalation^{3,4}

THE CONTINUOUS FOCUSON™ PROCESS

The FOCUSON™ service is built around a highly skilled team that classifies transmitted patient data based on agreed protocol and promptly notifies the physician, allowing efficient and effective patient treatment.

TIMELY, ACTIONABLE INSIGHTS

FOCUSON™ notifies hospital Clinical Teams with the insights they need, when they need them, using phone and email communication prioritized by color-coding.

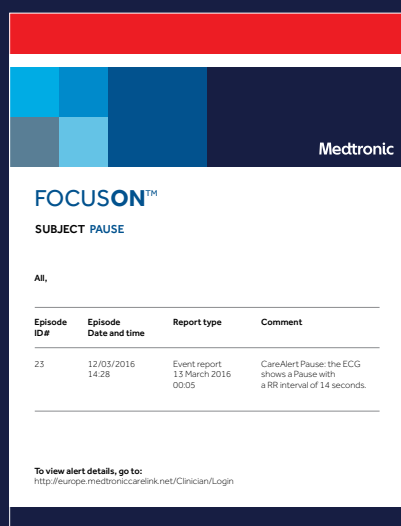

SAME WORKING DAY**	NEXT WORKING DAY	WEEKLY
Red events are notified by phone and email.	Amber events are notified by email.	Green data is aggregated in one weekly email for efficient review and archive.

**Red events will be reported within the end of the same working day from receiving, with exception of transmissions received during the last 2 hours of the working day (from 4 pm to 6 pm) which will be reported within 10 am of the following working day
